

ANIMALS

Some are in the water,
some are on the land,
some are even found in the desert
in the sand.

They are all around us,
everywhere you look,
I can find facts about them
in a library book.

Some have hair, feathers, skin or scales,
some have really curly tails.

I have some favourites that are mine,
I will share them in my rhyme.

Lions are golden,
and have a thick mane,
they are from Africa,
and are nothing like a Great Dane.

Giraffes are lanky,
and have brown spots,
they run very fast,
can you connect the dots?

Meercats are fun,
and stand on guard,
they have lots of babies,
wouldn't that be hard?

Penguins are cute,
and have black flippers,
they live in the Arctic,
but don't wear pink slippers.

Owls have big eyes,
and are up all night,
they hunt small mice,
yes, that's quite right.

Now that my poem has come to an end,
I hope you enjoyed it,
please share it with a friend.
