

## Periodic Table Poem

*Gold! Neon! Elements!  
Chemicals in elephants!  
I got Argon, Zinc, Chlorine,  
And elements found in-between...*

*Metals, gasses,  
Don't you know,  
Some of them,  
Can even glow!  
What's the price of pure, ore gold?  
Check the table,  
Then it's sold!  
All the prices,  
On the table,  
No need for barcodes or a label!  
Purchase copper, silver, lead,  
I've got deals,  
Just ask Fred...  
Need the prices?  
Check and see,*
